Bullying No Way/Harmony Day
This week in classes across the school we will be discussing the topic of bullying. We will be examining strategies and support available in the school for victims, as well as raising the awareness of all students to “Bullying No Way – Take a Stand Together”.

What is Bullying?
Bullying is repeated verbal, physical or social behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons.

We have a school policy on anti-bullying. If you would like a copy of this document please pick one up from the front office.

Also, a reminder our 2014 Annual School Report is also available at the front office.

Lyn Dockrill, Principal
Issue 2 order forms were sent home with students last week. Please complete order forms and place in an envelope with correct money, marked with child’s name and class and return to the canteen by 9.30am Friday 20th March, 2015

**UNIVERSITY OF NSW ACADEMIC COMPETITIONS 2015 YEARS 3-6**

Each year students from our school participate in the University of NSW Academic Competitions. In the past we have had many students awarded Distinctions and Credits as well as plenty of Participation certificates. **If you would like your child to take part in any or all of these competitions, money and note need to be returned to the front office by THURSDAY 2nd April 2015.**

This week in the library we have started our lunchtime colouring in competition. During lunchtime students are able to come to the library and choose an Easter picture to colour in. The competition is open to all students and is free to enter. Each week winners will be selected to win a prize as well as a lucky prize just for entering.

Science Experiment

1/6S did a science experiment with Mrs Reid called Mesmerising Milk.

*Step 1* - We poured milk into a small plate.

*Step 2* - We added 1-3 drops of food colouring in separate locations to the milk.

*Step 3* - We squeezed a small drop of detergent onto the edge of the plate and allowed one minute before adding it to another part of the plate.

*Step 4* - We noticed that colours from the opposite side of the plate appearing near and shooting away from the detergent.

We really enjoyed doing this experiment!!!

Recently I went to Port Macquarie for the Lower North Coast basketball try outs. I made it and I was so happy and cheerful all day. Now I have to go to Grafton for the North Coast trials on Wednesday and I have to be there by 10am. *Cameron 6K*

Last Wednesday Mitchell, Brayden and I tried out for the Macleay soccer team and we all qualified for the Lower North Coast trials at Port Macquarie this Friday. Mitchell played centre back, I played left wing and Brayden played left forward. After we were finished I was so exhausted but when they picked the team to play at Port Macquarie and I was selected, I was so happy.
