Dear Parents,

All of the children in Kindergarten to Year 2 are looking forward to entertaining their grandparents at school on Thursday, 10th June. They will be performing activities that they do every day at school. Events will start at 12 o’clock and finish at approximately 1.20pm with a picnic lunch.

Please contact your child’s grandparents and let them know about the day. This day is reserved for grandparents only. If your child’s grandparents are unable to attend, perhaps a favourite great aunt or uncle or an elderly neighbour might like to come instead. For children who do not have a grandparent, they can ‘share’ other children’s grandparents. This is an important lesson for the children in sharing and talking to the older generation.

We specifically ask that parents do not come, not only because of accommodation problems, but as we try to make this day a ‘thank you’ from the children to their grandparents in appreciation of what grandparents do for us.

Please do not send pre-schoolers with their grandparents. They often disturb the activities and as grandparents are too busy watching their grandchildren perform, they cannot adequately supervise them.

All children are requested to bring a plate of ‘goodies’ for the picnic lunch. The children take these to their own classroom in the morning.

Please remember that no child can go home with their grandparents unless the class teacher has received a written request from the child’s parent.
