Macleay Educational Community of Schools Award Night

Kellie Kenyon is an outstanding teacher at our school. Currently she is teaching Year 6 and her classroom program reflects quality teaching skills.

Kellie has initiated and developed dance programs with students in our school and they have successfully performed at Dance Festivals both in the Macleay and Hastings areas. She has an inclusive policy for dance and more than seventy-five students are part of this exciting program.

As well, Kellie coaches sports teams in the school. She trains soccer and AFL during her lunch break. Indeed, Kellie has just returned from Sydney with the girls’ AFL team who competed in the Paul Kelly Cup. They were the North Coast Champions and came third in the state. Kellie organises our School Representative Council from Kinder to Year 6. They regularly meet and raise money for children less fortunate than themselves. She is supportive of her colleagues and is friendly and welcoming to our parents and community.

Kellie possesses those skills, abilities and qualities that make a difference to the educational lives of all students at Kempsey West Public School.

Sharron Stuckey is an outstanding staff member of Kempsey West School. She is a School Learning Support Officer and works in the Support Unit with our students who have severe intellectual and physical disabilities. She has been a member of our staff for over 25 years and is highly respected by her colleagues, students and community. She is passionate that all students have the right to an education and she has supported these students through so many phases of their lives. Parents feel comforted by Sharron’s advice and support. From bolus and tube feeding to hydrotherapy, Sharron has always been there for every student.

As well as her school activities, Sharron has provided respite care for students with disabilities in her own home and has continued accompanying these students on trips and outings over the weekend and holiday periods. She is an enthusiastic, dedicated and much loved staff member throughout the area and has had such a positive impact on the lives of many students and their families.
